

## AUSTIN'S HIGH ENERGY BEATLES COVER BAND

*The Lonely Hearts Club is not just any Beatles cover band: they are four of Austin, TX's hardest working, regularly gigging musicians in their late twenties bringing you music that spans across the entire Beatle catalog imagined how The Beatles would've played their songs live had they kept touring. The Lonely Hearts Club brings The Beatles' catalog to life with their immense energy and modern approach to the music we love so much.*

*No silly wigs, costumes, or fake accents found here. The band specializes in crowd interaction and participation, making them feel like they are truly a part of the experience. Most shows end up with audiences singing along, dancing, calling out songs they want to hear, and the band being more than adept at pulling off their requests. It's not just a performance, it's an experience.*

*All of the members are professional, full time musicians and each performed 200+ events in 2021 alone, and this experience truly shows in their live show.*

*No matter where you go, audiences just LOVE The Beatles, and I believe you will be pleasantly surprised to find the same reactions from patrons once you have the band at your establishment.*
